

1100 Space Park Dr.

SANTA CLARA, CALIFORNIA

ABOUT

Strategically located on major fiber routes and multiple power grids, SCL1 offers a seismically rated infrastructure for businesses in Silicon Valley.

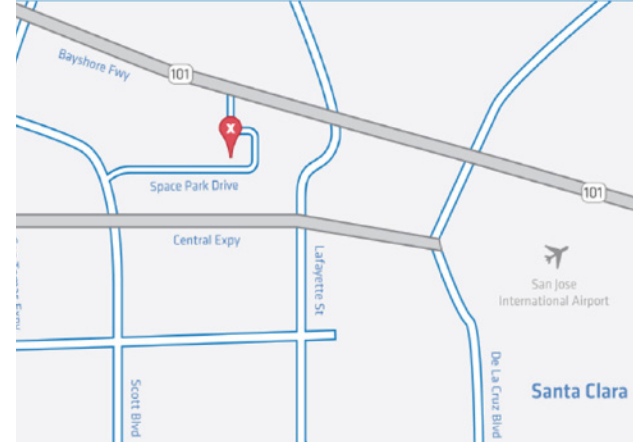

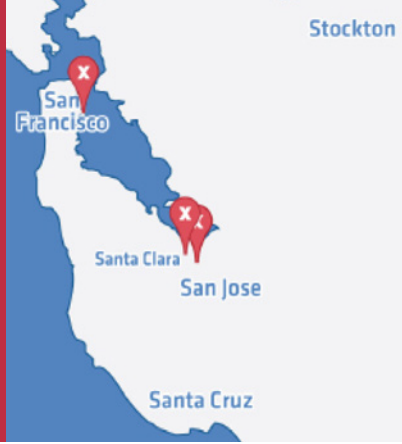

The facility provides access to dozens of leading domestic and international carriers as well as physical connection points to the world's telecommunications networks and backbones. Clients can gain access to SCL2 and SFR1 from this facility by utilizing the Digital Realty Metro Connect service, as well to other regions domestic and global.

Digital Realty's colocation centers offer premier conditioned space, access control and state-of-the-art surveillance systems. All Digital Realty installations comply with or exceed International Telecommunication Union (ITU) industry standards.
